Summary

I am a recent hardworking and driven Computer Science graduate with First Class Honours looking for IT based employment in my local area or remote work. I am adaptable and keen to learn new skills in a fast-paced environment offering me the chance to expand my current Technology set. I am organized and efficient in my work. I like to ensure that I complete my work on time effectively. I am honest, reliable, and work well both independently and as part of a team.

Strengths
